

This is to certify that

## EMANZ Conference and Exhibition 2018

Meets the requirements of carbonZero<sup>Cert™</sup> event operations certification having estimated the event's life cycle emissions during the event, and neutralised the remaining unavoidable emissions, excluding attendee travel emissions, through cancellation of an appropriate number of verified carbon credits in respect of the event held at the Auckland Royal New Zealand Yacht Squadron on 9 & 10 May 2018.

A handwritten signature in blue ink that reads "K. Tipper".

Karen Tipper—Certification Manager

Company Address: EMANZ 2017, Energy Management Association of New Zealand, PO Box 19261, Courtenay Place, Wellington 6149, New Zealand

Certificate Number: 2018078

Date Issued: 11 October 2018

Valid for: 9-10 May 2018

Certification status: Certified event operations

Please refer to the disclosure page on [www.enviro-mark.com](http://www.enviro-mark.com) for further details

The measurement and calculation method follows the principles of life cycle assessment, including measuring and reducing important emission sources whenever possible across all event activities.

"carbonZero certified event operations" means important emission sources, with the exception of attendee travel and accommodation, are measured and offset  
carbonZero event certification is only valid for the event dates specified above.
