CONFERENCE 2021

26 & 27 MAY

Christchurch Town Hall, Christchurch

Sponsorship & Exhibition Opportunities

REGENERATING NEW ZEALAND

WELCOME from the CHIEF EXECUTIVE

2020 was a remarkable year. We'll all have different memories and I think it's fair to say most of us will be looking for a much better 2021, with a return to movement, interactions and picking up business activity.

Getting business back on track and doing so with low carbon intent is what our 2021 conference is all about. Our theme of Regenerating New Zealand was selected deliberately for its different nuances, so whether you're active in the areas of renewable generation, business development, energy efficiency, decarbonisation, sustainability or economic growth, our 2021 conference offers you an outstanding opportunity to get back in front of your target market and build new business relationships.

The 2021 CEP conference returns to Christchurch and returns to physical form and, once again, we're partnering with The Sustainability Society. Our members and delegates loved our 2020 virtual event. The content was great, the presenters were great and everyone who attended learned heaps. They did, though, miss the interaction, networking and business development opportunities of a physical conference. We expect them to flood back to Regenerating New Zealand to pick up on those business growth opportunities and see the products and services out there in the market.

Our conference continues to grow, with 2019 (our last personal conference) attendance achieving a record 160 delegates, all keen to see the latest products and services across efficiency, sustainability and decarbonisation. 2021 will see renewed vigour in the market as we emerge from COVID-induced restrictions, see the fruits of recovery spending and, with 2030 deadlines looming, see refreshed vitality towards addressing emissions.

Our last two personal conferences have been certified carbon neutral and 2021 will be as well. We operate a Sustainable Events Policy and encourage our speakers, exhibitors and delegates to minimise their environmental impact when joining us.

They say they who dare win and there's no better time to make inroads into the market and build market share for what will become a decade of huge growth for the sustainability sector. CEP conference delegates are hungry for solutions and gaining exposure to this lucrative market has never been more vital as recovery projects proliferate.

I invite you to join us as a sponsor and/or exhibitor at this industry leading event. We have an exciting array of excellent value packages available, which will showcase your company, product or service to a wide audience of sustainability professionals.

The early bird will have the widest selection of sponsorship options and the most popular selections invariably sell quickly, so register your interest now to reserve the package that works best for you.

There really is no better time to get in front of your market and build or reinforce those valuable business connections.

I look forward to seeing you there.

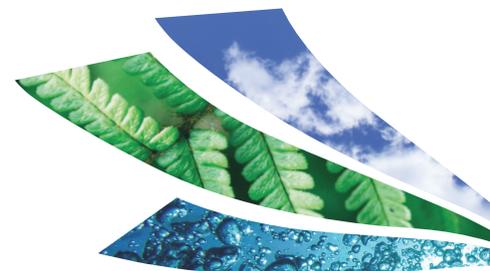

Dr Mike Hopkins
CEP CEO

The FACTS and FIGURES

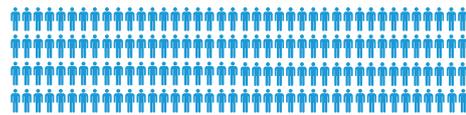

The 2021 CEP conference opens a new chapter for sustainability in New Zealand. CEP's predecessor, EMANZ, enjoyed loyal and growing support for its conferences. With carbon and sustainability firmly on everyone's agenda and partnering with The Sustainability Society, we can expect a step-change in attendance and engagement.

The 2019 EMANZ conference was the biggest yet with 160 delegates at the Wellington event. Attendees come from large and small businesses, local authorities, DHBs and the academic world. They leave informed, educated, professionally refreshed and inspired to move their organisations forward.

They could also be leaving armed with information on how your products and services can enable them to perform better and having established relationships with your organisation and sales team.

160

DELEGATES attended in 2019

Here are some of the numbers from 2019

Rating the conference as excellent or good overall

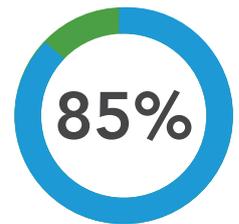

Rating the conference excellent or good for networking opportunities

Rating the conference excellent or good for value for money

Of sponsors and exhibitors dissatisfied with their experience

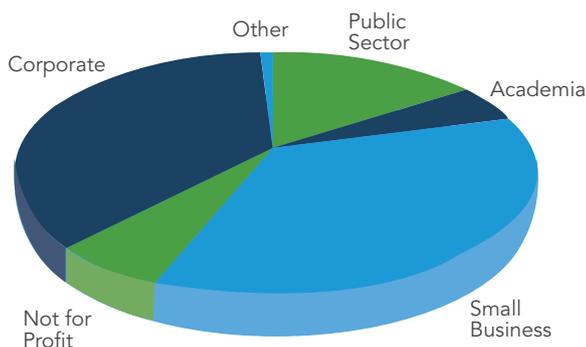

Likely to recommend to a friend or colleague

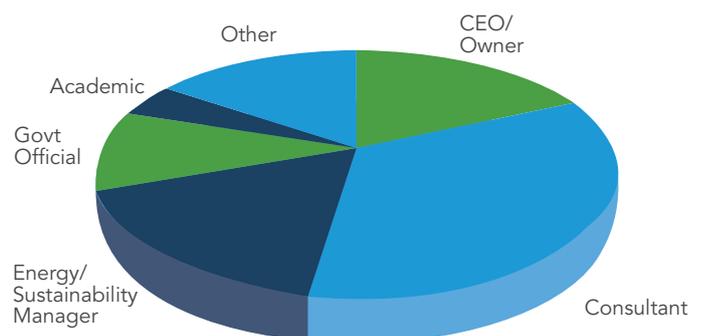

Attendee Profile

The CEP and TSS Conference attracts a wide variety of influential practitioners and decision makers from the corporate, public and small business sectors. The attendee list includes specialist engineers, energy, facilities and sustainability managers, business owners and public servants working in DHBs and local and central government. The breakdown of attendees in 2019 looks like this.

Attendees By Sector

Attendees By Profession

NB Government Officials and Public Sector categories include local authorities and DHBs

SPONSOR and EXHIBITOR PACKAGES

As a sponsor or exhibitor at the 2021 CEP/TSS conference you will enjoy a direct touchpoint with key energy, carbon and sustainability decision makers, including commercial, industrial and public sector buyers.

In 2021, the conference returns to Christchurch and will be held at the newly refurbished Town Hall on 26 & 27 May.

Being a sponsor and/or exhibitor delivers:

- Excellent exposure directly to sustainability and emission reduction decision makers
- Access to potential new clients
- Opportunities to forge new or reinforce existing business relationships
- A cost effective means of developing and promoting brand awareness and brand values
- A superb platform to showcase products and services
