

In association with

# CEP Conference 2021

26 & 27 May

Christchurch Town Hall, Christchurch

## REGENERATING NEW ZEALAND

## CALL FOR PAPERS

The 2021 CEP Conference, in association with The Sustainability Society, is taking place at the Christchurch Town Hall on 26 & 27 May.

The programme will comprise an array educational, informative, interesting and inspiring sessions around the theme of Regenerating New Zealand.

The 2021 CEP Conference Committee is open to the inclusion of a wide range of topics, however, has expressed particular interest in papers that address the following:

- Applying a continuous improvement approach to organisational and personal sustainability.
- Artificial intelligence in energy efficiency.
- Behavioural barriers to public transport use.
- Building regulations/codes and decarbonising the construction sector.
- Carbon pricing.
- Decarbonisation innovation in agriculture and horticulture.
- Decarbonising the supply chain.
- Future energy prices.
- Getting kiwis out of cars.
- Incorporating life cycle analysis into business cases.
- Latest developments and innovations in hydrogen.
- Non-road freight.
- Non-routine adjustments in monitoring and verification.
- PDCA (Plan-Do-Check-Act) for carbon and energy management.
- Shovel ready energy project.
- Sustainable travel/tourism.
- Sustainable workforces – what does the new normal really look like.
- The need for adaptation in water utilities.
- Training the workforce of tomorrow.
- Understanding building certifications.
- Wastewater treatment emissions.

We invite the submission of abstracts (maximum 300 words) covering:

- The main areas of content coverage;
- Conclusions; and
- Comments on educational merit.

Notes for potential speakers:

- Unfortunately, CEP is not able to cover travel and accommodation costs for speakers. However, speakers will receive a complementary registration for the day they are speaking;
- Inclusion is determined on merit as determined by the CEP conference committee. The committee will assess submissions against the criteria of knowledge transfer and educational value, inspirational value and general interest to an audience of energy, carbon and sustainability professionals.

Please submit your abstracts to [mike.hopkins@cep.org.nz](mailto:mike.hopkins@cep.org.nz) by **22 January 2021**. If you have any questions, please phone the CEP Office on 04 385 2839.
