

TE PŪ NGAO, TE PŪ WARO
CARBON AND ENERGY PROFESSIONALS NEW ZEALAND

EDUCATE | COLLABORATE | INSPIRE

Carbon and Energy Professionals New Zealand is the home of energy efficiency and carbon reduction professionals.

Our purpose is to address climate change through inspiring, educating and connecting energy, carbon and sustainability professionals.

What We Do

We run training and certification programmes in carbon and energy management that develop the capacity of people and businesses to improve efficiency, productivity and reduce carbon emissions. We work to raise skills and knowledge levels in the profession and administer our certification schemes to make sure our accredited members are trusted advisers, whether they are working in in-house roles or as external consultants. We are the representative voice of carbon and energy professionals and support our members and organisational partners further the message of efficiency, productivity and decarbonisation.

CEP is a collegial organisation whose members share their knowledge through technical sessions, and other events designed to create a culture of "cooperation" with the overarching objective of growing our sector and helping Aotearoa transition to a low emissions economy.

BENEFITS OF JOINING

Membership of CEP is open to anyone interested in energy or carbon management, the efficient use of energy and the reduction of greenhouse gas emissions.

Access to networks - people and information

Joining CEP gives you the opportunity to access the people and information needed to understand energy efficiency and emissions reduction and tap into the knowledge, information and relationships you need to succeed in the energy and carbon reduction sectors.

Training, certification and personal development

We offer discounts to members for our events and training courses. CEP oversees standards of competence in a range of energy and carbon management areas, to enable members to achieve industry recognition for their skills and knowledge.

Partnership opportunities with CEP are available to companies or organisations who are interested in energy efficiency emissions reduction and the transition to a low emission economy.

Opportunities to influence

We maintain regular dialogue with Government and maintain strong channels of communication with our members and partners to ensure their views are being represented on the issues as they see them.

Positive brand focal point

Through our certification schemes, CEP gives confidence to purchasers of energy and carbon management services and employers of energy and carbon management professionals.

Membership of CEP brings associated credibility and reputational benefits as we operate under a Code of Ethics and provide dispute resolution services should any of our members need them.

MEMBERSHIP AND PARTNERSHIP PRICING AND BENEFITS (October 2022-September 2023)
