HOW THE SYSTEM WORKS

CHALLENGES & OPPORTUNITIES From Production to Certification

ANDY BEDFORD & SHAUN GOLDSBURY

bravetrace.co.nz

ecogas.co.nz

What makes NZ's gas landscape such a complex road to certification?

What insights can be gained from international experience?

How can we get more support from government and regulators?

What can we collectively achieve across renewable gas and electricity?

Thanks for your time!

Any questions we haven't covered?
